

I walked through the rain, all the way to you and back again  
And I was so naive I thought so much of you, but did you ever feel the same?  
I spent so much time trying to put the thought of me in your mind

I always thought that I was in control, that if I wanted I could let it go  
And you would always be there, waiting, all I had to do was let you know  
But things will never be like they were before do you even want to know me anymore?

**So you go and I'll find my own umbrella  
To get me through this weather alone  
My heart breaks but I'll walk away  
Cause I know I'll be stronger, I can't hold on any longer to you**

And I know you've got everything you need, you've taken all you wanted from me  
Maybe I was just too young to understand that you were always going to leave  
I think everything that we said was true but what I felt didn't feel the same to you

**So you go and I'll find my own umbrella  
To get me through this weather alone  
My heart breaks but I'll walk away  
Cause I know I'll be stronger, I can't hold on any longer to you**

Am I just a fool to myself  
Trying to hold onto you like this was something else  
Ignoring all my instincts 'cause I didn't want to  
Admit that I was wrong about you

**So you go and I'll find my own umbrella  
To get me through this weather alone  
My heart breaks but I'll walk away  
Cause I know I'll be stronger, I can't hold on any longer to you**
